Money Onners Persons mailing small sums of money-say from one to thirty dollars-should never think of risking bank bills in their letof raking using the second responsible to the security for their remittances by getting a money order at the Postoffice.—When this is done there can be no loss by mail, and where it is not done there is always a risk.

evening last a number of ladies and gentlemen, not members of the church, gentlemen, not members of the clurch, assembled in the South Wheeling M.

E. Church, organized a donation meeting, by calling S. Hay, Esq., to the chair, and appointing Lieut. Harris Secretary. Donations were then called for, when the good people kindly contributed to the amount of \$80,00, which has a recented to the meant of \$80,00, which has a recented to the meant of \$80,00, which has a recented to the meant of \$80,00, which has a recented to the meant of \$80,00 and the property of the contributed to the meant of \$80,00 and the property of the prope Secretary. Donations were then called for, when the good people kindly contributed to the amount of \$80,00, which was presented to the pastor, flev. S. Hitchens, A few weeks ago Rev. Hitchens and lady received donations from some kind friends in South Wheeling, to the amount of \$56,00, which makes \$136,00 recently donated by this congregation to their pastor. Surely this is generous.

WHAT WE WANT IS, WORK .- We are informed by the health efficer, that, while quite a number of our citizens have entered earnestly into the sanitado not seem to be alive to the impor tauce of the work in hand. It will not do for everybody to wait on the health officer to discover and point out all infected parts, however remote, but every man who knows of a troublesome spot, likely to engender disease, should, if it be on his own preurises, remove the de-posit at once, and if it be on a neighbe on his own preumese, remove the deposit at once, and if it be on a neighbor's, report it. By the ordinance creating the health officer he is required to act on the information in writing of any citizen, and thus every citizens is virtually an assistant to the health officer. This was a wise provision, and with the assistance of the citizens the health officer may make a good and general work of the sanitary movement. And, unless the citizens do their co-operation with the city's agent, instead of waiting to be jogged up and forced to work, the cleaning up will be a slow process. We do not consider that we are particularly alive to the danger which threatens us, nor particularly well posted as to what is necessary to avert our danger, but as a public journalist we consider it our duty to keep before the people the necessity of action—prompt and vigorous.

"What we want is, work."

YESTERDAY, we think, was truly a Police Count.—Yesterday was a big March day, and no mistake. From earday in the police court. The cases were ly morning a wind, at times very strong of two days, accumulation, and amounts and cool, blew from all quarters. Toed in the aggregate of fines to a pretty snug little sum.

John Russell, Bob Marshall and Henry Kellar, for breaking into Ball's tavern, the night before, were each fined \$20 and costs.

Christian Sebright, for assault and battery, was fined \$20 and costs.

The Sheridan arrived about daylight, with a fine trip of both freight and passengers. She leaves again this evening at 5 o'clock. For shippers the Sheridan affords an excellent opportunity. To passengers she combines speed and fine accommodations. Captain Muhleman and Mr. Young, the clerk, are of the finest of steamboatmen.

The Eagle left for Parkersburg at 11-A. M.; the regular packets made their usual trips; the Argonant No. 2 and a large number of two boats passed up; and the Emma No. 3 passed down.

The card from a "soldier" in your issue of this morning contains some statements bearing on my personal character which I cannot allow to pass unnoticed.

To those who know me this card would be unnocessary; but there are many ex-soldiers and the card of "soldier" is addressed especially to them, who do not know me so well, and might be led to believe me a bod character, and possibly to do me same and their, and possibly to do me same and the root help and the statement of the control of the same and the same will be same and the same will be same and the same who sacrifee his life, imposed upon in this samer?" would warrant this supposition. I am not conscious of having insulted either Mr. or Mrs. Gilbert, as is asserted by "soldier." If he, (Gilbert) has pald rent to March lat, I am not aware or it.
